

ACTIVITY PLACES YOU CAN FLY TO

For the teacher

LEARNING AREAS: SOCIETY AND ITS ENVIRONMENT
GEOGRAPHY
TECHNOLOGY

AGE GROUP: YEAR 2 AND UP

AFTER COMPLETING THIS ACTIVITY STUDENTS WILL BE FAMILIAR WITH:

- > THE DESTINATIONS THEY CAN FLY TO FROM NEWCASTLE AIRPORT
- > THE WAYS TO CONNECT TO PLACES AROUND AUSTRALIA BY AIR
- > THE GEOGRAPHY AND MAJOR CITIES OF AUSTRALIA
- > THE AIRLINES THAT FLY FROM NEWCASTLE AIRPORT AND WHERE THEY FLY TO

Instructions

- > Print off an activity sheet for each student.
- > There are two exercises in this activity.
- > Have students look at the map in exercise one and write down the names of the cities where the gaps appear. The airport code is listed next to the blank space as a hint.
- > For the second part, students will need to use their completed maps and the airport codes found alongside each city to fill in the table.
- > Students will then be able to match the airport codes on their maps to work out where each airline flies to from Newcastle Airport.
- > Answer sheet included.

Terminology

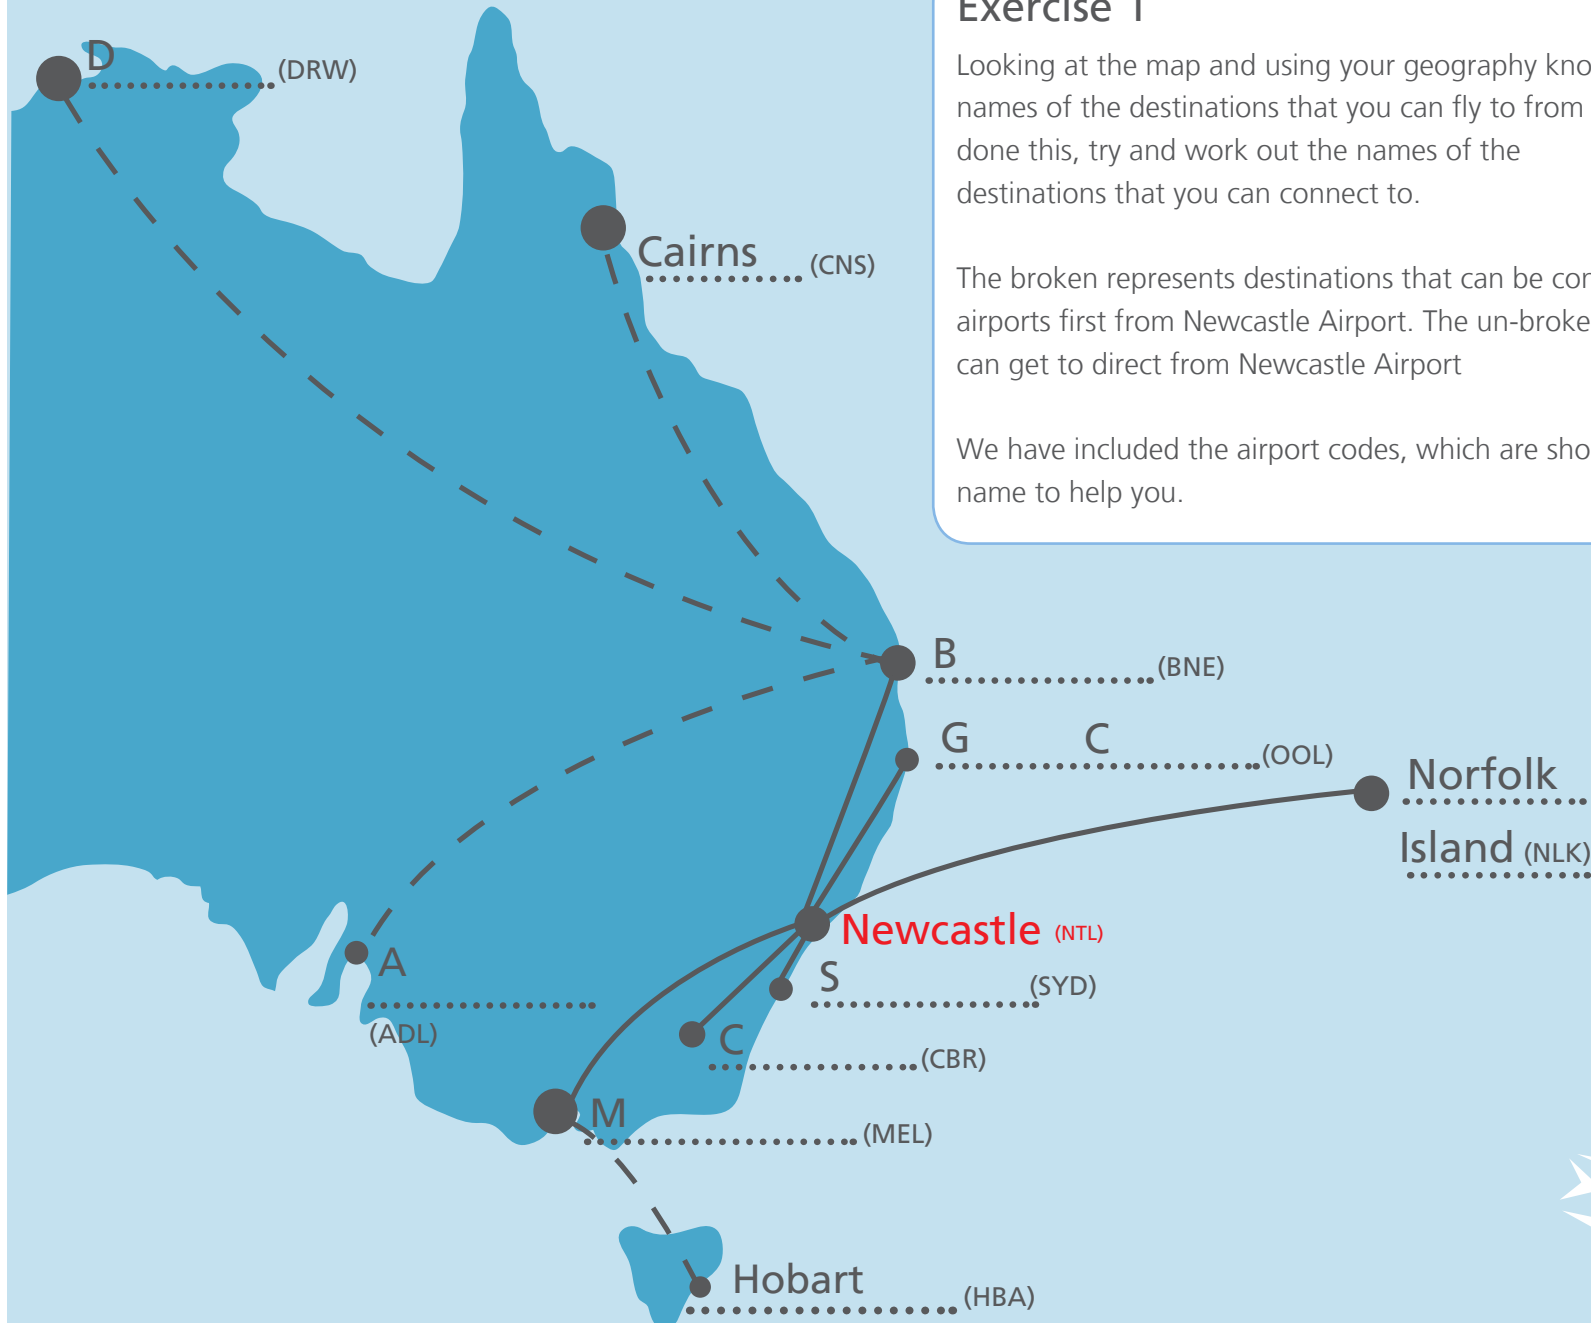

- > **Airline** - the company / business that provides air transport for passengers or freight.
- > **Destination** - the place where a passenger would like to go to.
- > **Direct flight** - taking just one flight to arrive at a destination.
- > **Connecting flight** - having to take more than one flight to get to a destination.

Exercise 1

Looking at the map and using your geography knowledge, see if you can fill in the names of the destinations that you can fly to from Newcastle Airport. Once you have done this, try and work out the names of the destinations that you can connect to.

The broken represents destinations that can be connected to by flying to other major airports first from Newcastle Airport. The un-broken line shows the places that you can get to direct from Newcastle Airport

We have included the airport codes, which are shortened versions of the airport's name to help you.
